BELLYFUL NEW ZEALAND REPORT FROM THE BOARD AND GENERAL MANAGER

Tēnā koutou katoa

We are pleased to present the 2020/2021 Performance Report for the Bellyful New Zealand Trust (Bellyful NZ).

We are proud of the impact our team has had this year despite the unique and ongoing challenges the pandemic has presented. The results in this report reflect the restrictions in place due to COVID-19 and the challenges of operating through a pandemic.

This has been a year like no other for Bellyful NZ. We adapted the way we worked as alert level-guidelines changed. Our Bellyful NZ team worked fluidly together to ensure that our volunteers, our recipients and the team of staff who manage our nationwide operations were safe.

We acknowledge the diligent and committed leadership of Charlotte Delahunty, who stepped down from her role at the end of September 2020. Charlotte was Bellyful NZ's first paid part-time Chief Executive and nurtured the Bellyful 'baby' through its toddler and 'growth spurt' years, then through the challenges of a measles outbreak and COVID-19. Her calm leadership as the pandemic hit our shores is most notable.

Bellyful NZ's alert level adaptation was swift, considered and supported with clear communication from the operations team. The Bellyful NZ approach, designed to directly match the official government alert levels, was a great example of both leading our Bellyful NZ team and setting an example across the sector.

ALERT exceptional circumstances, via partner organisations). prioritising highest need. Safe, no contact fundraisers. No meetings. No contact Deliveries.* ALERT Cookathons following strict LEVEL hygiene standards. Safe, no contact fundraisers. Deliveries, Cookathons and ALERT fundraisers - following clear **LEVEL** distancing guidelines.

* Deliveries at levels 2 and 3 are dependant on meals and volunteers being available.

We all worked together, doing our part of the team of five million to keep ourselves and the communities we serve safe while also striving to deliver our Mission, to nourish and connect communities, within the confines of health and wellbeing guidelines in place across the motu.

For Governance volunteers it was a year like no other with challenges supporting the health and wellbeing of a large volunteer workforce. Big issues included cancelling face-toface events, and guiding an organisation through continuing alert level changes and challenges, as well as recruiting for a new organisational leader.

We farewelled Rebecca Morahan, who had been a Trustee since October 2016. Over the last four years she has been a rock within the Governance leadership team. She stayed a bit longer than she intended (don't we all) and provided vital support and strength during the last year when COVID-19 made being a Governance volunteer exceptionally challenging. She also stayed on while we selected our new General Manager. We are immensely grateful for this contribution, and we couldn't have done it without her.

Rebecca has given so much to Bellyful NZ over many years, in a range of roles. She was with the Bellyful Porirua branch right from the beginning. Rebecca held the role of Branch Coordinator for over 5 years, from April 2011 (when the branch first started) until December 2016 when she became a Trustee. She never really left the branch though, and continues to deliver and help at Cookathons.

Thank you to the national support team of staff and volunteers for your exceptional work during COVID-19 and beyond, and your team commitment as we recruited for and transitioned to new leadership. Thank you to General Manager Wendy Thompson, for rising to the challenge of leading Bellyful NZ. She has transitioned to this new leadership role with flourish.

We make a special acknowledgement of the team involved in our further success in the Charity Reporting Awards. Aruna Hill, Leigh Cooke, Ange Vink, Jacqui Stanford and Charlotte Delahunty secured a highly commended award for our last report.

We also welcome new team member Amanda Frei who joined us in January 2021 as Bellyful Administrator.

We were delighted to be able to hold two Regional Meetings for some of our branch leaders in February and March. Coming together in person to discuss our plans for the future was incredibly valuable after months of Zoom meetings, phone calls and emails. We were rejuvenated.

Thank you to all our volunteers for your ongoing commitment to making a difference within and for your communities. Thank you for your commitment to our Vision, Mission and Values. Thank you for keeping our community safe and continuing to deliver when and where you could. Your contribution to Bellyful is at the very heart of the impact we make. Thank you for being the ambassadors of Bellyful around Aotearoa.

And thank you to our key supporters that have continued to back us. We particularly acknowledge One Percent Collective and our other bedrock funders for their ongoing support during a challenging year.

Ngā Mihi

Trustees - Michelle Kitney, Carolyn Stiles, Karalyn Van Deursen, Rachel Pearce, Sharyn Richardson, Rebecca Morahan (resigned Dec 2020), Sally Ma (resigned May 2021). **General Manager** - Wendy Thompson.

MEET OUR BOARD AND GENERAL MANAGER

Michelle Kitney
Board Chair / Trustee
Michelle Kitney is the
Kaihautū Chief Executive
of Volunteering New
Zealand, where she
has been part of the
senior leadership team
since 2018. Michelle is

passionate about working collaboratively and with impact in the for-purpose sector. She has a range of experience including regulatory and compliance, marketing-communications and social marketing, engagement, and research. She has also volunteered extensively in community organisations that provide services and support to whānau and children. As a mum of twins, Michelle knows how valuable the support of Bellyful can be to whānau in the early days of parenthood.

Carolyn Stiles
Treasurer / Trustee

Carolyn is super excited to be on the Board of such an amazing, caring organisation. Having had bit of a rough start to motherhood herself, with her son unexpectedly

arriving 10 weeks premature, when she had only lived in NZ for 10 weeks and didn't have a support network around her, she understands all too well the value of the Bellyful service. Carolyn brings significant management and governance experience having held senior roles in the UK corporate world and more recently worked for leading New Zealand organisations.

Karalyn Van Deursen Trustee

Karalyn has more than 25 years' experience working in advertising, marketing and communications. She is currently Executive Director Communications - Canterbury DHR and

West Coast. She has considerable experience in crisis communications, branding, external and internal communications, stakeholder engagement and working with media.

Rachel Pearce - Trustee

Rachel is passionate about babies and children having the best possible start in life. For most of her career, Rachel has worked in women's and children's health in a range of governance, policy and project roles in Australia, the UK and Aotearoa. Currently, Rachel manages the families and wellbeing portfolio within the strategic funding team at Capital and Coast and Hutt Valley District Health Boards.

Sharyn Richardson - Trustee

With 20 years of project management, team development, recruitment and strategic planning behind her, Sharyn is passionate about building teams and ensuring that everyone feels supported to do the absolute best job that they can do. She is currently the Asia Pacific General Manager of Professional Services for a leading emergency management software provider. Sharyn has seen

what a difference Bellyful makes to so many whānau at critical times in their lives and feels very privileged to be part of the team.

Rebecca Morahan - Trustee (resigned Dec 2020)

Rebecca was one of the founding Branch Coordinators of the Bellyful Porirua branch in 2011, and led the branch until December 2016, before becoming a Trustee. In 2016, she co-founded WELLfed, which provides free cooking classes for parents in decile 1 schools in Porirua East. In both organisations Rebecca is an inspirational leader who energises those around her.

Sally Ma - Trustee (resigned May 2021)

Sally Ma has held regulatory and policy roles in the public and private sector and also has a strong background in public policy issues. Having a young child, she understands the importance of supporting whānau in the early days and how organisations like Bellyful can provide vital support during vulnerable times and help provide a sense of community.

Wendy Thompson - General Manager

Wendy has previously been the Bellyful Christchurch Branch Co-ordinator and Bellyful NZ's Volunteer and Operations Manager and has been with Bellyful since the Christchurch branch's first meeting in April 2012. Wendy lives in Christchurch with her husband, and has three grown-up children. Wendy trained as a pharmacist in New Zealand and worked both here and in

England in a variety of hospital and retail positions. In her spare time, Wendy enjoys ice skating, mountain biking, running, skiing, boating and overseas adventures with her husband.

About Bellyful WHY DO WE EXIST?

The Bellyful Story

Bellyful was born in 2009 when Jacqui Ritchie had people arrive on her Pukekohe doorstep with home-cooked food after the birth of her second child.

The meals and baking made a huge difference during that exhausting time, making her feel supported and empowered, rather than lonely and isolated, as she had felt when her first child arrived.

This inspired a dream - women coming together to cook meals and distribute them to mums who had new babies and lacked support. It was a vision Jacqui shared with friends and led to the launch of the very first branch, Bellyful Franklin, in May 2009.

This dream of tired parents being supported by their communities caught on. Since 2009 Bellyful has grown to help 24 communities around Aotearoa.

By March 2021, we had delivered 163,993 meals to more than 30,000 whānau in communities across Aotearoa, thanks to a network of hundreds of incredible volunteers.

Implementing Our Vision and Mission

In 2019 Bellyful set about consulting with our volunteers, recipients and referrers about our vision, mission, and what impact our service had on whānau. This was to ensure our strategy for the next three years was relevant and impactful.

The new vision and mission, values, and strategy, build on our previous strategic pillars, while weaving in community connection, sustainability and impact.

The intention to introduce the new mission at our May 2020 Training Weekend in Christchurch was thwarted by COVID-19 and the subsequent cancellation of the weekend. Once the main lockdowns were over, we re-grouped and began to roll the mission out across the organisation, initially using Zoom meetings to introduce and discuss

with our branch leaders.

Over the year all our brochures and other resources have been updated to include the new mission.

During February and March 2021, we held Regional Meetings in Christchurch and Auckland where the practical implementation of the new mission was discussed in depth with our branch leaders.

Strategic Plan

Our Vision

All whānau with babies or young children feel supported by their communities.

Our Mission

Bellyful nourishes and connects communities by cooking and delivering meals to whānau, with babies or young children, who need support.

BELLYFUL'S VALUES

Our values are nurturing, connecting and impactful. These values guide us when recruiting for our teams and when faced with decisions. We always want to ensure we stay true to our values.

BELLYFUL'S STRATEGY

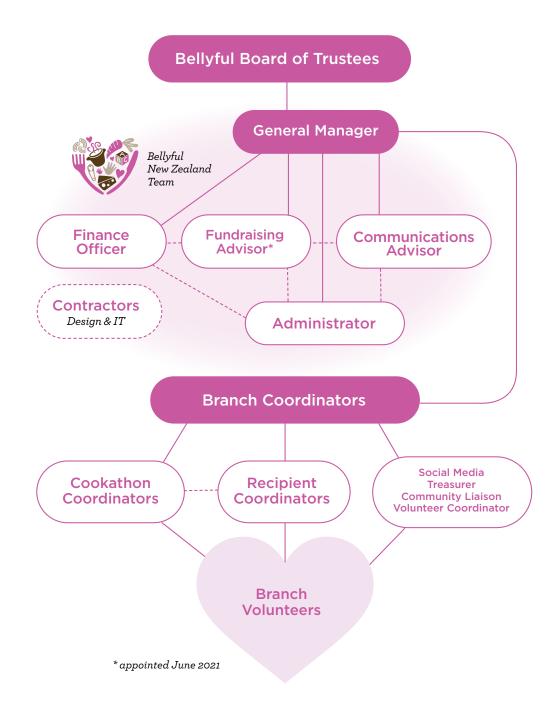

Our strategy reflects that whānau and their community are at the heart of all we do, and how our volunteers, referrers, supporters and funders are vital in ensuring they are supported, wrapped around by Bellyful's values of being nurturing, impactful and connecting, as well as our strategic goals of sustainability, quality and reach.

Our strategic priority of sustainability includes financial sustainability, environment targets and a sustainable business model. Quality includes trusted, known and safe. Reach includes accessible and impactful.

Bellyful Structure

Bellyful NZ is governed by a volunteer Board of Trustees who meet eight to ten times per year. In 2020/21 we had just one change to the Board. The members of the governing body, as at 31 March 2021 are:

- Michelle Kitney (Trustee Chair from May 2020)
- Carolyn Stiles (Treasurer)
- Karalyn van Deursen (Trustee)
- Rachel Pearce (Trustee)
- Sharyn Richardson (Trustee)
- Rebecca Morahan (Trustee, resigned 31 December 2020)
- Sally Ma (appointed Trustee February 2020 Deputy Chair from May 2020, resigned May 2021)

Shared Services

Bellyful's day to day operations are undertaken by a wonderful group of volunteers and a few paid staff and contractors. Bellyful NZ was led by a paid parttime, Chief Executive (CE) Charlotte Delahunty, until 30 September 2020.

Volunteer and Operations Manager, Wendy Thompson, now leads Bellyful NZ in the new paid part-time role of General Manager (GM), created after Charlotte's departure.

The GM is supported by our paid part-time Finance Officer, Aruna Hill (from January 2020), our paid part-time Communications Advisor, Jacqui Stanford (from December 2019) and our paid part-time Administrator, Amanda Frei (from January 2021). Volunteers assist with newsletters, social media, story writing and grant applications. Together this forms the Bellyful NZ Team which supports the shared services provided to the Bellyful branches.

Bellyful NZ also contracts specialist services, and we would like to extend our thanks to two in particular who have supported us for many years:

- Angela Vink of Doppel Ltd. Ange is responsible for all of Bellyful's beautiful branding and design
- Sean O'Connor of O'Connor Ltd. who very patiently provides our IT support - www. seanoconnor.co.nz

In addition, Sally Warrender, Branch Coordinator of Bellyful Franklin, has provided contract support assisting with grant applications and accountability for five hours per week since October 2020.

Branches

As of 31 March 2021, there were 24 Bellyful branches - six in the Auckland region, six in the central North Island, five in the Wellington region and seven in the South Island.

Each branch is led by a volunteer Branch Coordinator or two Co-Branch Coordinators and supported by other volunteers including (depending on branch size):

- · Recipient Coordinator
- · Cookathon Coordinator
- · Fundraising Coordinator
- Branch Treasurer
- Social Media Coordinator
- The larger branches also include a 2IC (second in charge) who supports other members of the branch leadership team.

Our Branch and Co-Branch Coordinators in the year to 31 March 2021 were:

Hibiscus Coast

Kelly Paddison until October 2020 then Caryn Harris

North Shore

Nicola Cronin until October 2020 then Fiona Wilson

West Auckland

Tracy Cox

Central Auckland

Elle Watrin

East Auckland

Ani Stace until July 2020 then Betty Oudney

Franklin

Leanne McMurtrie/Sally

Warrender

North Waikato

Victoria Kemp

Hamilton

Julia Carroll

Whitianga

Emily Pavey/Franziska Jack

Tauranga

Amy Kemeys/Maria Page until August 20 then Rose Ross

24

BELLYFUL BRANCHES AROUND NEW ZEALAND

As at 31 March 2021

Volunteers

Volunteers are the heart and soul of Bellyful and deliver all services across our 24 Bellyful branches.

Each branch has from 10 to 40+ volunteers, with a total of 676 active volunteers across Aotearoa at 31 March 2021. Volunteers lead and support the branch, cook and deliver meals, and fundraise. We value their commitment, passion and incredible range of skills that they so freely gift.

Referrals for Bellyful's Service

Bellyful receives referrals from a wide range of people and organisations including health professionals such as Plunket nurses, midwives, social workers, neo-natal units, post-natal services, maternal mental health services and other community services and organisations. Bellyful also receives referrals from pre-schools, grandparents, friends, extended whānau, work colleagues and the whānau themselves. Referrals are usually made via our website or via a phone call to our 0508 Bellyful number.

Community

Bellyful is all about community. We help our recipient whānau feel connected to and supported by their communities, through our local networks of caring volunteers, referrers, local businesses, funders and supporters. We are a truly community-based charity.

How Bellyful NZ works

Main Sources of Bellyful NZ's Cash and Resources

Bellyful NZ's primary sources of funding are grants, donations, local branch fundraising events and sponsorship.

Grants

Grants are a key source of income, benefiting both branch operations and assisting with shared services costs.

Donations

Donations are received from a variety of sources including:

- corporate supporters
- directly from individuals and groups via our website
- as a partner charity for the One Percent Collective and The Good Registry

Donated Goods and Services

Bellyful NZ receives a variety of donated goods and services including ingredients for the meals we cook, food items, prizes for our fundraising activities and discounted professional services.

Sponsors

Freedom Furniture was Bellyful NZ's corporate partner from 2016 until the end of FY 2020. It collected donations from the public and sold a range of Bellyful NZ products through its stores, from which all proceeds were donated directly to Bellyful NZ. The consequences of the lockdowns caused by COVID-19 meant that Freedom Furniture terminated its arrangement with Bellyful NZ in March 2020.

Local businesses sponsor many of our Bellyful branches and we are very grateful for their contributions, both financial and donated goods or services. For example, small businesses have donated space to store our freezers, provided a kitchen for free, paid for the cost of whole Cookathons, or for a particular ingredient, provided supermarket vouchers or made regular donations. Whatever the contribution, large or small, we appreciate and thank these local businesses and their owners.

We are also grateful for the many schools, churches, marae and other community facilities that have allowed us to hold our Cookathons for no charge, or at a heavily discounted rate.

Fundraising

Funds raised at branch level are retained and used in the local communities. Branch fundraising activities include movie nights, quiz nights, photo shoots, cake stalls, sausage sizzles, raffles and catering for events.

During 2020 we were unable to hold most events of this type, because of the COVID-19 lockdowns and alert level changes and the consequential risk of planning an event that may have to be cancelled at short notice. This impacted the funding of our branches and meant they had to rely much more on donations and local grant funding. As demand for our meals has increased during 2020/2021, this has meant that some of our branches are struggling with funding.

Wage subsidy

In the 2021 financial year we received the COVID-19 wage subsidies for our three part-time staff, This totalled \$30,432.

HOW BELLYFUL WORKS

Carefully packaged meals are stored in a large freezer, waiting to be delivered to whānau in need.

Local whānau welcomes new baby or needs support due to serious illness, unforeseen circumstances etc.

Bellyful receives referral, via the Bellyful website, or by phone, from the whānau, someone close to them or an advocate eg Plunket, midwife.

Committed Bellyful volunteer arrives at the whānau's door with some meals and smile.

A couple of weeks later,
Bellyful volunteer contacts
the whānau to see how they
are getting on and whether
they need more Bellyful
meals.

Bellyful Testimonial

"My daughter had her 4th surgery last week and we really struggled with surgery number 3, so my friend referred us through for some pre-made meals. Thank you so much for your help - it was one less thing to stress about. You guys do such a great job and I know it would be a great help to a lot of families."

Message to Bellyful Hutt Valley, David, Sophia & little Indie

THANK YOU

YOUR SUPPORT HAS ENABLED OUR

24 New Zealand branches to supply...

24,99 MEALS

WHĀNAU 🕇

INGREDIENTS WE USED...

4.200 KGS of mince

2,520 KGS of grated cheese

8,400 JARS of pasta sauce

4,200 ONIONS (a lot of tears!)

4,200 LITRES of milk

420 KGS of butter

8,400 grated carrots

WE HAD 676 VOLUNTEERS GIVE...

hours of their time to help others in their community through Bellyful.

VOLUNTEER SATISFACTION

of volunteers satisfied or very satisfied when surveyed in August 2020*.

* This is a small decrease from the previous year, and result of various COVID-19 lockdown frustrations.

We are only able to do this because of the phenomenal support & sponsorship Bellyful has received from businesses, charitable trusts and individuals in our wonderful New Zealand community.

STATEMENT OF SERVICE PERFORMANCE

'What did we do?' and 'When did we do it?'

Bellyful NZ delivered on its mission to cook and deliver meals to whānau with babies or young children, who need support.

BELLYFUL NZ OUTPUTS

Description and Quantification of the Entity's Outputs	2020/21	2019/20
	Actual	Actual
Referrals received	5,192	5,513
Whānau assisted	4,344	4,663
Meals delivered	24,993	26,219
Cookathons held	200	242
Communities served	24	24
Active volunteers	676	706

When Bellyful receives a referral, we check to ensure that the need is consistent with our mission and our delivery areas, before offering to provide meals. This explains the difference between referrals received and whānau assisted.

The reduction in referrals received and meals delivered this year is due to the six-week Level 4 lockdown when, for the safety of our volunteers and the communities we serve, we were only able to deliver to a small number of very high needs whānau.

Bellyful Testimonial

"So grateful for Bellyful! Our Plunket nurse referred us as my husband is away 5.30am-6.30pm for work and we have a five-week-old baby and no family support. A lovely volunteer dropped off a stack of amazing home cooked meals for our freezer today, like magic! Thank you so much."

Bellyful Dunedin recommendation, Bonnie Thomas, November 2020

2020 Recipient Survey Results

Of Bellyful recipients felt that Bellyful didn't judge them or their situation.

79% said Bellyful made them feel part of the community.

"Awesome service that was SO appreciated a number of times, without judgement or questions, thank you so much." "Due to COVID-19, we had a contactless delivery of meals, but was so blessed to still be able to receive them. It made life so much easier with a newborn and toddler in the house."

95%

Of recipients said they could focus on caring for their baby.

Of recipients said Bellyful made them feel cared for.

81%

Of recipient whānau have a new babv.

Of recipient whānau describe themselves as Māori or Pasifika.

"Having a fairly traumatic birth, a longer than expected hospital stay, and adjusting to life with newborn twins in level 4 lockdown without family support (our families live in other parts of the country), having Bellyful deliver us meals made such a huge difference for my partner and I. We felt really isolated and yours was one of the only services we could access. It made us feel so much more supported and like a big hug in the middle of a whole lot of crazy. Thank you so much!"

"Absolutely incredible service! We are so grateful. It helped us more than you will ever know. Thank you, thank you, thank you!"

Outcomes 2020 RECIPIENT & REFERRER SURVEY

To understand the impact we are having and ensure we are focusing our efforts in the right place, Bellyful is working with Research New Zealand to survey our recipients and referrers.

Research New Zealand carried out a pilot study including interviews with recipients, referrers and volunteers in July to August 2019. This has been followed up with quarterly surveys of recipients and referrers and we now have data from five surveys plus the pilot.

The results show Bellyful has consistently high levels of trust and confidence from both referrers and recipients.

The research has provided helpful insights into our impact:

- The majority of our recipients say having Bellyful meals at hand allowed them to focus on caring for their baby (95%) and spend quality time with their other children (88%).
- 97% felt Bellyful did not judge them, 93% said Bellyful made them feel cared for and 90% said Bellyful provided a break when they needed it most.
- 96% of referrers in the survey tell us we are filling an important gap in the services that are available to whānau in need, and 96% say that referring a whānau is a simple process.

We are incorporating the survey results into our strategic planning, including the need to improve our accessibility, e.g., by new diverse meal options, and improving our referral process, so the service level is consistent across the country.

We are committed to continuing to survey our recipients and referrers to ensure we are focusing our resource on maximising impact.

The stories and testimonials from recipient whānau included in this report provide further examples of the impact Bellyful has on whānau when they are feeling exhausted and vulnerable.

Volunteer Survey

We survey our volunteers annually on the impact Bellyful has on them in our Volunteer Engagement Survey. In 2020/21, 86 percent of our volunteers rated themselves as satisfied or very satisfied, a decrease of five percentage points on the previous year, due to various frustrations caused by the COVID-19 lockdowns.

Tania's Story A WEIGHT OFF THE SHOULDERS

Being a working parent can be a real juggle. Getting the kids ready for school, arriving at work on-time, making your way through that growing laundry pile after you've rustled up a half-way decent evening meal for the whānau. Things are pretty hectic at the best of times and it doesn't take much for the balance to tip.

Tania is mum to six-year-old Nikau and four-year-old Kaia. When her partner arrived home from his rugby-league game with a knee injury she knew things were about to get difficult. "My partner had torn his LCL & PCL and ruptured his ACL as well as severely damaging a nerve in his knee, causing a severe foot drop. He had to have knee surgery to repair his LCL & PCL and reconstruct his ACL. So it was quite serious," says Tania.

Then Tania's son fell and broke his arm in two places. Another trip to the hospital, this time for surgery on Nikau's arm. "My son was off school for five weeks and work was really busy, so I couldn't take much leave. So it was just lucky that Nikau's Dad was off work on ACC recovering from his own surgery. I was starting to get pretty stressed about everything" says Tania. A friend and co-worker of Tania's then referred the whānau to Bellyful.

"At first I found it hard to accept help. I felt there must be others out there that needed it more than us, and that I could handle everything myself. But it was such a huge weight off my shoulders when the meals arrived. Something as simple as having dinner in the freezer ready to heat up at the end of the day – not having to worry about cooking for a few nights," says Tania.

Bellyful Taupō delivered Tania's whānau Lasagne, Macaroni Cheese and Beef Bolognese. "The meals were delicious and the portion-sizes were really

generous. They even checked if we had any particular dietary needs, like gluten free or vegetarian."

Fortunately, life is now back to normal for Tania and her family. Her partner has returned to work and her children are in back in their routine.

Words by Katy Glenie Image supplied

"Having the support of Bellyful was the best thing that could have happened to us during that time. I'd like to say a huge thank you to all the volunteers that take time out of their busy lives to cook and deliver meals to those that need them. You're amazing!"

Laura's Story
WELCOMING TWINS UNDER
COVID-19 ALERT LEVEL 3

Laura's family in the UK were due to fly out to support her with the birth of her twins in May 2020, but COVID-19 threw a spanner into that plan. With New Zealand's border essentially closed under Alert Level 4, her family members cancelled their travel.

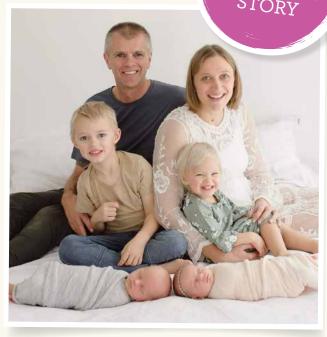

Laura and her husband David have lived in New Zealand for 12 years and originally hail from the United Kingdom.

Over the past five years, they have expanded their whānau to include a now five-year-old son and a two-year-old daughter. Then, the number of children in the family doubled in size with the arrival of twins – a boy and a girl.

Instead of being surrounded with broader family support Laura gave birth to her twins during COVID-19 Alert Level 3 and was quickly back at home with all four children.

Laura was referred to Bellyful by the Multiple Births Club and under COVID-19 Alert Level 2, was able to be delivered three meals with enough left over for lunches. Given the unique situation in which Laura and her husband welcomed their new twins, the arrival of meals at the door was a godsend.

"We are so busy in the evenings with trying to feed everyone. Having the delicious freezer meals relieved the stress. All new mums should Words by Rebecca Foley Image supplied

have access to this amazing service. I'd tell anyone who needs some support to definitely get in touch."

It is likely to be some time before Laura's family can visit and meet the new additions to the whānau. But in the meantime, Laura has been referred again to Bellyful by a friend and is already looking forward to the peace of mind it will bring for those super busy evenings with four little ones.

Bellyful Testimonial

"After the birth of our twin boys life was pretty hectic, we had just moved into the Franklin region and were soon to open a new business. Adjusting to the new 'normal' of having three kids under three was very full on and it was a huge delight when we received a delivery from Bellyful.

Every parent knows that when you get to the end of the day the last thing you feel like doing is cooking, so to have some nutritious meals waiting in the fridge was a life saver. It was a really heart-warming experience and made us feel very fortunate for the kind and caring people who went out of their way to help us."

Tim Wilson from New World Pukekohe, awesome supporters of Bellyful Franklin

VOLUNTEER APPRECIATION & RECOGNITION

Volunteers are the heart of Bellyful and we couldn't do what we do without them. Each and every volunteer has made a valuable contribution, whether it is reliably turning up at Cookathons, delivering meals in bleak wintry weather, or cooking sausages outside a local hardware store at 9am on a Saturday morning. It doesn't matter whether they give 30 mins or 10 hours a week, every contribution is important. Many volunteers have also helped with behind-the-scenes roles at both branch and Bellyful NZ level such as social media, treasurer, grant applications, writing and photography for stories, editing our newsletters, helping with the recipients and referrer survey, and organising Bellyful's Regional Meetings. We would like to extend our sincere thanks to these generous individuals for so willingly sharing their skills and time.

To recognise our volunteers' dedication and commitment, in 2018 we introduced the Bellyful Heart Awards. In 2020 we planned to present our Heart Awards at our Training Weekend that was due to be held

in Christchurch
in May 2020
but had to be
cancelled because
of the COVID-19
lockdowns.
Instead, these
awards were
presented to our
volunteers at
branch level.

Photos from some of the Heart Award presentations at branches around Aotearoa.

AWARDS

During 2020 many external award functions were cancelled or downsized. We were thrilled to receive the following awards:

Marilyn Trent

Recipient Coordinator of Bellyful Christchurch – Volunteering Canterbury Volunteer Recognition Award 2020

Marilyn receiving her award.

Bellyful New Zealand Trust Runner up Tier 3 New Zealand Charity Reporting Awards 2020 (winner for 2018 and 2019 reports)

Aruna Hill, Bellyful NZ Finance Officer receiving the certificate from Mike of Chartered Accountants Australia and NZ (CAANZ) at a Porirua Cookathon in June 2020.

OUR AMBASSADOR

We are very privileged to have Pippa Wetzell as our Bellyful Ambassador for the past 9 years.

Pictured at right: Pippa with Bellyful Founder Jacqui Ritchie.

Bellyful Testimonial

"This is a vital service for times when whānau are at crisis point. Your service can pull whānau back from the edge of the cliff. Very grateful to have your service in our community. It is making a huge difference to whānau and tamariki. Thank you."

Bellyful Referrer, December quarter survey

THANKING OUR DONORS, SPONSORS & SUPPORTERS

It is only because of the wonderful support we receive from our donors, sponsors, grant providers and supporters, that our volunteers are able to provide meals, at no cost, to whānau that need support in our communities.

We would like to acknowledge those funders that continued to support us through the turbulence and insecurity of 2020, particularly during the first six months when so much was unknown. In particular we would like to thank:

One Percent Collective - for paying donations out monthly rather than quarterly

Pelorus Trust and CERT – for their understanding when we had to cancel our Training Weekend and not requiring a refund of grant funds used for flights. We have held these funds in credit with Air New Zealand and used them for our February and March 2021 Regional Meetings.

BELLYFUL & ONE PERCENT COLLECTIVE

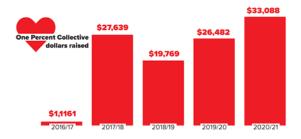

"One Percent Collective exists to simplify regular giving and to inspire generosity in Aotearoa. Partnering with small to medium sized Kiwibased charities, our 700 donors have collectively raised over \$2 million for charity. It's a pleasure to support Bellyful as one of our 14 partner charities. The impact Bellyful has on the lives of thousands of people in Aotearoa makes our hearts warm and reading their impact stories from those who have been impacted through Bellyful, brings the biggest smile to our face. Our Collective donors have contributed more than \$100,000 to Bellyful and we are excited to see the donations continue to grow. Thanks for all the great work you do Bellyful :)"

Pat Shepherd, Chief Doer of Things, One Percent Collective

National Sponsors, Donors and Grant Providers

Bellyful NZ is thankful to have the following fantastic partners, sponsors and grant providers who support Bellyful nationally:

 One Percent Collective - Bellyful NZ is very appreciative of being a One Percent Collective charity partner since December 2016. The collective encourages donors to donate 1% of their income to charities and uses stories and events to connect donors with charities.

- Lottery Grants Board has provided Bellyful NZ a three-year (2017-2020) Lottery National Community grant towards volunteer support, training & CE costs.
- Lotteries Wellbeing Fund Covid 19 \$40,000
- Simplicity Charitable Trust \$12,000
- QBE Foundation \$10,000

Other national or multi-branch sponsors, donors and grants include:

- Wellington Community Trust \$10,000
- Jack Jeffs Trust \$7,500
- Thomas George McCarthy Trust \$10,000
- Trust Waikato \$5,500
- Community Trust South \$1,000
- Hutt Mana Charitable Trust \$2.000
- Wellington City Council Social & Rec Fund \$7,869
- Bay Trust \$7,500
- Pub Charity -\$3,400
- MSD Community and Resilience Fund \$4,800
- John Illott Charitable Trust \$2.000
- The Good Registry \$1,575.85
- iPayroll Giving \$2,859

Founding Sponsors:

- Doppel Ltd Angela Vink \$3,720
- Sticky Labels \$1,500

Branch Sponsors, Donors, Grant Providers and Supporters

Each Bellyful branch is supported by local businesses, community groups, trusts, and individuals who provide sponsorship, donate cash or goods, grants, free venues and discounted services. We are truly grateful for this wonderful local support. In addition to the supporters listed below, some donors wish to remain anonymous, so you know who you are and we thank you from the bottom of our hearts.

This star indicates supporters who have been backing their local Bellyful branches for five years or more - thank you so much!

Approval of Performance Report

THE BELLYFUL NEW ZEALAND TRUST

For the year ended 31 March 2021

The Board of Trustees are pleased to present the approved Performance Report including the historical Performance Report of The Bellyful New Zealand Trust for year ended 31 March 2021.

The Trustees are solely responsible for the information contained in this financial report and have determined that the accounting policies used are appropriate for the purpose that the Performance Report is prepared.

Michelle Kitney
Chair of the Board

Total Expenses		386,148	535,033
(DEFICIT) Surplus for the Year		(9,396)	(41,829)

The accompanying notes form part of this Performance Report and should be read in conjunction with the Auditor's report.

Bellyful Testimonial

"A bag full of yummy food was delivered to me on Monday and I wasn't able to thank anyone due to covid level 2 and being contactless. The food was a HUGE help! I have a nine-week-old and a toddler at home and I was so rundown and sick (not with covid). The look on my toddler's face when she saw the cupcakes was priceless (she let out a squeal of excitement). Having meals for her readymade just took so much pressure off me while tending to my baby. Thanks again Bellyful!"

Thank you email, Zoe, March 2021

Net Change in Cash for the Year	101,566	39,088

STATEMENT OF ACCOUNTING POLICIES

'How did we do our accounting?'

THE BELLYFUL NEW ZEALAND TRUST

As at 31 March 2021

Basis of Preparation

Bellyful NZ has elected to apply Public Benefit Entity Simple Format Reporting - Accrual (Not-For-Profit) on the basis that it does not have public accountability and has total annual expenses equal to or less than \$2,000,000 for the last two annual reporting periods. All transactions in the Performance Report are reported using the accrual basis of accounting. The Performance Report is prepared under the assumption that Bellyful will continue to operate in the foreseeable future.

Fundraising, grants and donations

Fundraising, grant income and donations are accounted for depending on whether or not it has a "use or return" condition attached. Where no use or return conditions are attached, the revenue is recorded as income when the cash is received. Where income includes a cash or return condition, it is initially recorded as a liability on receipt. The income is then subsequently recognised within the Statement of Financial Performance as the performance conditions are met.

Donated goods and services, including discounts on Recommended Retail Price given by suppliers due to Bellyful NZ being a charity, are recorded at the estimated value of the discount or free good or service. Sometimes this is obvious from the source document, if not the estimated value is based on costs paid for a similar item recently and/or estimated amount of goods received in the case of ingredients. Donated goods or services received for fundraisers and extra food items to include with meal deliveries have not been recorded, due to the difficulty of valuing these accurately.

Where significant donated assets are received with useful lives of 12 months or more, and the fair value of the assets is readily obtainable, the donation is recorded at the fair value of the asset obtained. Where the fair value of the asset is not readily obtainable, the donation is not recorded.

Interest income

Interest income is recognised on an accruals basis.

Other income

All other income is accounted for on an accruals basis and accounted for in accordance with the substance of the transaction.

Income Tax

Bellyful NZ is a registered charity under the Charities Act 2005, and accordingly is not subject to income tax.

Bank Accounts and Cash

Bank accounts and cash in the Statements of Financial Position and Cash Flows comprise cash balances and bank balances (including short term deposits) with original maturities of 90 days or less.

Goods and Services Tax (GST)

The entity is registered for GST. All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable which are stated inclusive of GST.

Debtors

Debtors are carried at estimated realisable value after providing against debts where collection is doubtful.

Plant and depreciation

Plant is shown at cost or valuation less any accumulated depreciation.

Depreciation is provided on a diminishing value basis on all plant. Plant consists of freezers, food processors and gazebos for which the depreciation rate has been estimated at 25%.

Comparatives

Comparative information has been taken from the Performance Report for the year ended 31 March 2020. Certain amounts in the comparative information have been reclassified to ensure consistency with the current year's presentation.

Bellyful Testimonial

"Thank you to the lovely ladies whom helped us when we really needed it. Giving us a good nutritious meal with such care and compassion was like Christmas for my hubby and me. We needed it so much. Just that short breather gave us so much quality rest and a sense of love from the community, like we weren't as alone as we felt. Thank you."

TOTAL	21,005	3,266	57	5,816	18,398

Significant Donated Assets Recorded

The value of donated goods and services has only been recorded in this Performance Report, when the value is easily determined. A description of the entities supporting Bellyful in this way are detailed earlier in this report.

Significant Donated Assets - Not Recorded

There were no significant donated assets not recorded during this year.

7. ACCUMULATED FUNDS

	Capital Contributed by Members	Accumulated Surpluses or Deficits held at Branch level	Accumulated Surpluses or Deficits for National Office	Total
This year				
Opening balance	100	246,576	97,146	343,822
Surplus/(deficit)	-	(10,235)	839	(9,396)
Closing balance	100	236,341	97,985	334,426
Last year				
Opening balance	100	225,303	160,248	385,651
Surplus/(deficit)	-	21,273	(63,102)	(41,829)
Closing balance	100	246,576	97,146	343,822

Branch reserves total \$236,341 and are retained at branch level for future operating needs. National office reserves total \$97,985. These reserves have been purposely accumulated to provide a safety buffer for future shared service costs related to the paid roles within the charity. These include the General Manager, Finance Officer, Communications Advisor and Administration Officer. In the past, these have been funded by grants and corporate sponsorship, which are not guaranteed in future years. The annual budgeted costs for these four roles is approximately \$144,000.

8. COMMITMENTS AND CONTINGENCIES

COMMITMENTS	EXPLANATION AND TIMING	At balance date THIS YEAR	At balance date
Commitments to repay grants received, if they are not fully spent.	Grants not fully spent are shown as income in advance in the statement of financial performance.	99,947	30,655

Contingent Liabilities and Guarantees

There are no contingent liabilities or guarantees at the balance date (Last year - Nil).

9. RELATED PARTIES

A related party transaction is a transfer of money, goods or services between a charity and those who are closely associated with it.

Description of related party relationship	Description of the transaction (whether in cash or amount in-kind)	Value of transaction this year	Value of transaction last year
Trustees	Regularly provided their time and skills to the oversight and operation of the Trust at no charge.	-	-
Chief Executive	Paid as a contractor, on a part-time basis. 1st April - 30th September 2020.	40,406	88,762
Funding Resource	Paid as a contractor, on a part-time basis.	3,282	-

10. EVENTS AFTER THE BALANCE DATE

There were no events that have occurred after the balance date that would have a material impact on the Performance Report (Last year - nil).

11. ABILITY TO CONTINUE OPERATING

The entity will continue to operate for the foreseeable future.

AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the BELLYFUL NEW ZEALAND TRUST for the year ended 31 March 2021

Report on the Performance Report

Opinion

We have audited the performance report of the BELLYFUL NEW ZEALAND TRUST on pages 6 to 37, which comprise the entity information [About Bellyful – How Bellyful Works] and the statement of financial position as at 31 March 2021, the statements of service & financial performance, along with a statement of cash flows for the year ended, the statement of accounting policies and other explanatory information.

In our opinion except for the matters outlined in the basis for a qualified opinion:

- the reported outcomes and outputs, and quantification of the outputs to the extent practicable, in the statement of service performance are suitable;
- b) the performance report on pages 6 to 37 presents fairly, in all material respects,:
 - the financial position of the BELLYFUL NEW ZEALAND TRUST as at 31 March 2021 and of its financial performance and cash flows;
 - the entity information and the service performance, for the year ended,

in accordance with Public Benefit Entity Simple Format Reporting – Accrual (Not-For-Profit) [PBE-SFR-A-NFP] issued in New Zealand (NZ) by the NZ Accounting Standards Board.

Basis for a Qualified Opinion

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion, except that our audit work has been limited in the:

- verifying of the completeness of recording for unreceipted cash sources of income such as anonymous donations, and fundraising, where the accounting controls are limited until the cash is banked, and there are no practical audit procedures to gain evidence on the completeness of cash income,
- verifying the value of donated food given the limitations of documenting and accounting for items received.

We conducted our audit of the statement of financial performance, statement of financial position, statement of cash flows, statement of accounting policies and notes to the performance report in accordance with International Standards on Auditing (NZ), and the audit of the entity information and statement of service performance in accordance with the International Standard on Assurance Engagements (NZ) ISAE (NZ) 3000 (Revised). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Performance Report section of our report. We are independent of the BELLYFUL NEW ZEALAND TRUST in accordance with Professional and Ethical Standard 1 (Revised) Code of Ethics for Assurance Practitioners issued by the NZ Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. Other than in our capacity as auditor we have no relationship with, or interests in, the BELLYFUL NEW ZEALAND TRUST.

Restriction on responsibility

This report is made solely to the management board, as the governance, in accordance with section 42F of the Charities Act 2005, and the constitution of the entity. Our audit work has been undertaken so that we might state to the governance those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the governance as a body, for our audit work, for this report, or for the opinions we have formed.

Governance Responsibility for the Performance Report

The governance is responsible for:

- a) identifying outcomes and outputs, and quantifying the outputs to the extent practicable, that are relevant, reliable, comparable and understandable, to report in the statement of service performance;
- b) the preparation and fair presentation of the performance report which comprises:
 - o the entity information;
 - o the statement of service performance; and
 - the statement of financial performance, statement of financial position, statement of

cash flows, statement of accounting policies and notes to the performance report

in accordance with PBE-SFR-A-NFP issued in NZ by the NZ Accounting Standards Board, and

(c) for such internal control as the governance determines is necessary to enable the preparation of a performance report that is free from material misstatement, whether due to fraud or error

In preparing the performance report, the governance is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the governance either intends to liquidate the entity or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Performance Report

Our objectives are to obtain reasonable assurance about whether the performance report is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) and ISAE (NZ) 3000 (Revised) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this performance report.

We are also required to apply the explanatory guides (EG) Au 1 & EG Au 9.

As part of an audit in accordance with ISAs (NZ) and ISAE (NZ) 3000 (Revised), we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the performance report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ☐ Obtain an understanding of internal control

relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the use of the going concern basis of accounting by the governance and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the performance report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the performance report, including the disclosures, and whether the performance report represents the underlying transactions and events in a manner that achieves fair presentation.
- Perform procedures to obtain evidence about and evaluate whether the reported outcomes and outputs, and quantification of the outputs to the extent practicable, are relevant, reliable, comparable and understandable.

We communicate with the governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
